LIBRARY SEEKS LEGO DONATIONS

The Bay County Public Library Youth Services department needs your help. We are looking for permanent donations of new or gently-used LEGO bricks, so dust off those used LEGOs and drop them off at the library to help support learning and creativity. The more LEGOs the library has, the more amazing things we can build together!

For more information, please visit the library at 898 West 11th Street, Panama City, or call 850-522-2118.
